1 Selecting campus and date

Upon accessing the main site (http://localhost:31035/airuoft/index) you will be presented with an option to select a date. When clicked, a calendar with click-able dates (for the next 2-weeks) will appear.

Above the date is another box containing the campuses to depart from. Simply select the drop down menu and pick one of the two. Once satisfied with the selection, click "search flights" to proceed.

2 Selecting a time

Please select a departure time					
From	Time	Date	Available	Click Below	
St. George	08:00:00	2012-11-15	1	Buy Now for \$20!	
St. George	10:00:00	2012-11-15	3	Buy Now for \$20!	
St. George	14:00:00	2012-11-15	3	Buy Now for \$20!	
St. George	17:00:00	2012-11-15	3	Buy Now for \$20!	

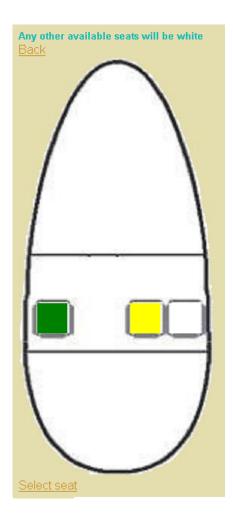

Based on your previous selection of date and campus, a list of times will be generated. To select a time, click on any of the "Buy now" links, to the right of each row.

Back

Sorry, it appears there are no available flights on 2012-11-14 from UofT St. George campus. Please select a different date.

If all the flights are fully booked on that day, a message will appear notifying you of such an event. Simply go back and choose a different time, location, or both.

3 Selecting a seat

After choosing an available time slot to depart, a helicopter schematic will be shown with the various seats represented by squares in the center. All the seats will flash for a duration, to indicate that the boxes can be selected.

Each seat colour has a different meaning:

White: The seat is available. Yellow: The seat is unavailable.

Green: The seat is available and selected.

Once you are satisfied with the seat, click on "Select seat" to continue.

5 Get to the choppa!

After the transaction goes through, a receipt will be provided with an option to print it, by clicking on the Air UofT logo. You can now go back to the beginning by pressing "back" and proceeded to make another purchase.

6 Admin controls

Upon accessing the admin site (http://localhost:31035/airuoft/admin) a list of buttons will be presented to you. Each one is labelled with a certain action for example, "Show flights" returns the flight table:

From	То	Time	Date	Available
St. George	Mississauga	08:00:00	2012-11-14	0
St. George	Mississauga	08:00:00	2012-11-15	3
